AESTHETICS CONTINUED...

In World art and literature, for the last thousand years or so, UNICORN has been depicted as a white horse like animal with a long straight horn projecting from its forehead.

UNICORN is the most common image on the stone stamp seals of the Bronze Age Indus Valley Civilization. The UNICORN continues to hold a place in popular culture as a symbol of purity, grace, fantasy and rarity.

Following the tremendous response to the Unicorn MCS Collection Volume 1 & 2, Ventura is proud to present The NEW Unicorn Collection of this award winning MCS Collection of Architectural Laminates.
